Management Engineering Consulting Services (MECS) is a core service of Shands HealthCare located near the medical campus of the University of Florida. MECS industrial engineers function as in-house consultants performing projects involving process improvement, staffing analysis, facility design, work flow analysis, etc. MECS interns support the project work conducted by the full-time staff, which consists of one manager, one senior engineer and four staff engineers.

MECS is currently looking to fill one intern position that will work 20 hours per week starting in June 2009 and the following two full semesters. This position is a paid position and work hours can be scheduled around class schedules.

Applicants must meet the following requirements:

<b>Requirements for Part-time Position</b>
<b>Coursework</b>
<ul style="list-style-type: none"><li>▪ Technical Writing</li><li>▪ Currently enrolled in or completed at least one of the following:<ul style="list-style-type: none"><li>▪ Engineering Economy</li><li>▪ Work Design</li><li>▪ Facility Planning</li></ul></li></ul>
<b>Skills</b>
<ul style="list-style-type: none"><li>▪ Microsoft Office (Word, Excel and PowerPoint)</li><li>▪ AutoCAD, Arena and Access desirable</li></ul>
<b>Availability</b>
<ul style="list-style-type: none"><li>▪ 20 hours per week</li><li>▪ 3 consecutive semesters</li></ul>

For inquiries and submissions, please send an email to Marisa Farabaugh at [arvesm@shands.ufl.edu](mailto:arvesm@shands.ufl.edu). Please submit resumes with a cover letter as a MS Word document or Adobe pdf. After initial screening, sample(s) of project work may be requested prior to interview scheduling.
